Defect Report

BUG-0460 — Synchronization Failure in Database: SyncError: conflict detected on e...

1. Defect Summary

Defect ID	BUG-0460
Title	Synchronization Failure in Database: SyncError: conflict detected on entity 'ENT...
Severity	Minor
Priority	High
Status	IN_PROGRESS
Component	Database
Application	APP-002 — MobileCommunication
Reported Date	2023-01-10
Resolved Date	Pending
Assigned To	ENG-076 — Uma Chen

2. Traceability

Release	REL-001 — 4.1.3
Test Run	RUN-008 — Regression Cycle 8 — Build 6.0.9
Requirement	REQ-0223 — Network Behavior — Multilingual Support
Req Priority	Medium
Test Case ID	TC-0390
Test Case Title	Confirm that the system recovers gracefully after Connectivity Failure...
Execution ID	EXEC-02457
Failure ID	FAIL-0487
Failure Type	Synchronization Failure
Environment	ENV-002 — Wearable Lab
Build Version	4.4.4

3. Problem Description

During execution EXEC-02457, test case TC-0390 failed with Synchronization Failure. The system exhibited synchronization failure when the device has been offline for more than 24 hours.

4. Reproduction Steps

1. Observe the status indicator for up to 22 seconds.
2. Check server logs for event code 'EVT-3574'.
3. Simulate high CPU load using the network emulator profile '3G-Low'.
4. Assert that database record for entity 'ENT-355' has status='SYNCED'.

5. Expected vs Actual Behaviour

Expected	The system should complete NFC tap-to-pay within the defined SLA.
Actual	The system exhibited synchronization failure when the device has been offline for more than 24 hours...

6. Root Cause

UI thread blocked by synchronous network call; ANR triggered after 5 seconds.

7. Resolution

Resolution pending investigation.
