1. Test Plan Overview

Suite ID	TS-0028
Suite Name	APP-011 — Full Suite 28
Suite Type	Performance
Priority	Critical
Status	Archived
Application	APP-011 — ConnectedDevices
Release	REL-008 — Release 6.0.0
Release Version	6.0.7
Release Date	2023-11-26
Created Date	2023-11-23

2. Scope & Objectives

This test plan covers performance testing for the ConnectedDevices application. Suite covering Voice Pipeline scenarios for APP-011.

3. Test Strategy

Testing will follow a risk-based approach with priority on Critical severity scenarios. Automated test cases will be executed first to detect regressions early, followed by manual exploratory testing for edge cases. Performance and security test cases will run in parallel in dedicated environments.
