TS-0107 — APP-011 — Performance Suite 107

1. Test Plan Overview

Suite ID	TS-0107
Suite Name	APP-011 — Performance Suite 107
Suite Type	Full
Priority	Medium
Status	Draft
Application	APP-011 — ConnectedDevices
Release	REL-004 — Release 5.0.0
Release Version	5.0.9
Release Date	2023-05-30
Created Date	2022-12-26

2. Scope & Objectives

This test plan covers full testing for the ConnectedDevices application. Suite covering Notification Handler scenarios for APP-011.

3. Test Strategy

Testing will follow a risk-based approach with priority on Medium severity scenarios. Automated test cases will be executed first to detect regressions early, followed by manual exploratory testing for edge cases. Performance and security test cases will run in parallel in dedicated environments.
